INTRODUCTION

Take on the pros!

You've got nearly 700 real Major League Baseball Players from all 28 Big League rosters at your control. And you can face them all on their turf — from Chicago's friendly confines to the Big Green Monster in Boston.

Step up to the plate as Juan Gonzalez, Frank Thomas, or Cecil Fielder and sink a pearl in the K.C. waterworks, or see what it feels like to stare down the barrel of a loaded cannon when Greg Maddux, Randy Johnson or Roger Clemens lights up the radar at 90 MPH.

You can even create your own Dream Team — how would Jose Canseco look in Florida teal or Ken Griffey, Jr. in Yankee pinstripes? You can replay classic baseball moments with the Game Breakers module and rosters of every division champ since 1989. You can even warm up your glove in Defense Practice mode.

With Super RBI Baseball, it's a whole new ball game ...

At the Main Game Menu, you can select from the following options:

GAME TYPE

The following is a list of the various game types in Super RBI:

- **Play Ball** — Select from your favorite teams and take part in either a single game or game series against a particular team. You can also choose to test your record against all the teams in the League.
- **Home Run Derby** — Swing for the fences as your favorite big bat in a 20-pitch home run contest.
- **Game Breakers** — Take part in any of 17 white-knuckled game breaking situations.
- **Create Teams** — This option allows you to create your own Dream Team using any of the players in the cartridge — including Division winners since 1989.
- **Sound Test** — This option lets you sample the 56-track library of game music and sound effects. To sample, use the **Control Pad** to cycle through the tracks and press the **X Button** to hear that selection. To advance to the next track, press the **X Button** to stop the sound and repeat above procedure. Press the **START Button** to return to the Main Game Menu.

- **Stadium Tour** — Use the Control Pad to view each team's home park — from home plate to the bleachers.
- **View Teams** — View all the team rosters in the game by moving the Control Pad Left or Right. Press the Y or B Button to see the pitchers. (See page 24 for abbreviation descriptions).
- **Defense Practice** — Take to the field and hone your defensive skills by shagging flies, grounders and line-drives.

SERIES TYPE

Choose to play a **single game only**, take part in a **Best of Seven series** against an individual team, take on an entire **Division game-by-game**, or go up against **every team in the League**.

After completing a 2-player game in a Best of Seven series, or a 1-player game in either Division or League modes, you will be given a password. The password allows you to continue play in that series at a later date. (For more information on Passwords, see page 8).

PLAYERS

The following is a list of the various play modes in the game:

- **Human vs. Comp** — Take on the computer as the visiting team in a 1-player game.
- **Comp vs. Human** — Take on the computer as the home team in a 1-player game.
- **Human vs. Human** — Take on a buddy in a 2-player game.
- **Comp vs. Comp** — Pick the teams and sit back and watch the computer play.

DIFFICULTY

The following is a list of the various difficulty settings in the game:

- **Medium** — no "X" in field. Computer defense speed: normal. Computer batter is more selective at the plate.
- **Hard** — no "X" in field. Computer defense speed: fast. Computer batter is very selective at the plate.

PASSWORD

Use this option to enter a previously given password. To enter your password, at the Password Screen, move the **Control Pad LEFT** or **RIGHT** to position the ball under the desired letter, then press the **Control Pad UP** or **DOWN** to cycle through the password symbols. Once you've made your symbol selection, repeat this procedure until you've entered your entire password, then press the **START Button**.

- **Manual** — You control all your defensive players.
- **Automatic** — The computer controls the fielding of all your defensive players. To regain control of a player, hold down the **X Button** as you move him.

NOTE: In all modes, you must throw the ball for yourself.

TEAM SELECTION

You can select your teams from any of the 28 '94 rosters, the All Star lineups from '89 to '94, or the Division Champs from '89 to '93. Use the **Control Pad** to move the cursor next to the team lineup you wish to play with, then press the **START Button** to enter that selection. Repeat this procedure to select the opposing team.

SELECTING YOUR STARTING PITCHER

To select a pitcher, position the cursor next to your desired selection and press the **START Button** to enter your pitching choice.

SELECTING YOUR STARTING LINEUP

You can adjust your lineup before each game. Begin by moving the cursor to the player you wish to reposition, then press the **X, Y, A, or B Button** to shade that player. Next, move the cursor to the position you wish to put the shaded player, and press the **X, Y, A, or B Button** again. That player will then automatically switch positions with the player currently occupying that roster spot. Repeat this procedure until you've completed your new order.

To view player stats, press the **Y Button**. To accept the current lineup as it stands, or enter your new lineup, press the **X Button**.

To begin play, press the **START Button** at the Scoreboard Screen.

HOME RUN DERBY

To begin the Derby, you must first press the **Control Pad LEFT** or **RIGHT** to select your team, and then your batter. To select your batter, use the **Control Pad** to select a player then press the **Y Button**. To adjust the speed of the pitch, press the **Control Pad LEFT** or **RIGHT**, then press **START Button** to begin play. Score 3 home runs for a bronze trophy, 5 for a silver, 8 for a gold, and 11 for a special prize.

NOTE: In a 2-Player Home Run Derby, both batters swing in player one's home park.

GAME TIPS

PITCHING

Starting pitchers have more stamina than relievers. Keep an eye on your pitcher — when he begins to get tired, he will start to breathe hard, his MPH will drop and you will have trouble controlling the movement of the pitch. The fastball and sinker use more stamina than normal pitches.

BATTING

Do not stand still in the batter's box. Try to fool the pitcher as to where you will be when the ball is thrown.

You can cock the bat back for a quicker, shorter swing. To do this, tap the **Y Button** once. Be aware that you sacrifice power in favor of contact using this technique.

Although you can't fully control the hitting of fly balls or grounders, you can better your chances of getting such a hit by pressing the **Control Pad UP** to swing for a grounder, or **DOWN** to swing for a fly.

GENERAL

If you replace a fielder with a player who is not from the same position, he will make more errors than a player better suited for that position.

When you throw or run with the ball, choose the desired direction with the **Control Pad**, then press the **Y Button** to throw or **X Button** to run. Do not select a direction, let go, then press the **Y Button** or **X Button**. You must hold down the **Control Pad**.
